RE: Proposal to Prepare a Site Rehabilitation Completion Order (SRCO) Request Document for the former Island Standard Station Site, 530 Crandon Blvd., Key Biscayne, Miami-Dade County, Florida  
Florida Department of Environmental Protection (FDEP) I.D. 13/8504998

Dear Mr. Hofferberth,

As previously discussed, the subject site formerly supported the Island Standard/CITGO and Anthony's Automotive businesses. A Discharge Reporting Form for the former gas station was submitted to the FDEP on July 18, 1996, after petroleum hydrocarbons were reported in a groundwater monitoring well. Subsequently, soil and groundwater monitoring have been conducted at the site until present.

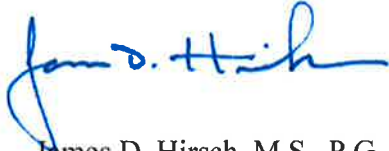

The latest groundwater monitoring results obtained for the site in January of 2019 indicate the site can now be considered for an SRCO indicating completion of cleanup and monitoring activities at the subject site.

Per the Miami Dade County Department of Regulatory and Economic Resources, Environmental Resources Management letter dated October 2, 2018, when natural attenuation monitoring is considered complete pursuant to paragraph 62-780.690(8)(g), F.A.C., the responsible party shall submit two copies of a Site Rehabilitation Completion Report with a No Further Action Proposal. Applicable portions of the Site Rehabilitation Completion Report shall be signed and sealed by an appropriate registered professional pursuant to Rule 62-780.400, F.A.C. The Site Rehabilitation Completion Report shall include the documentation required in paragraph 62-780.690(8)(d), F.A.C., to support the opinion that site cleanup objectives have been achieved.

The cost for AGUA LLC to complete the Site Rehabilitation Completion Report with a No Further Action Proposal is \$2,400.00. To authorize AGUA to proceed with the above scope of work and cost proposal, please sign in the space below and e-mail a copy of the signed proposal to [jhirsch@ahsflorida.com](mailto:jhirsch@ahsflorida.com).

Sincerely,

AGUA LLC
